

# Talk About The Future – Year 11-13

## ***Full day and half day option – key differences***

- *5 hours contact time vs 2.5 hours*
- *Half day format focusses on identifying each students' experiences; linking them to employability skills and coaching the student to communicate those skills persuasively*
- *Full day format progresses further and explores resilience in the context of interviews and moves onto the preparation and delivery of individual student interviews during a 'final showcase' where students use developed oracy skills and spoken confidence to communicate their unique skill-set and answer impromptu open-ended questions*
- *Full day format includes a personalised Impact Report*
