

Talk The Talk - Teacher CPD

Full day, Inset or Bespoke

Talk The Talk's Teacher CPD supports teachers to develop the skills to use oracy as a major tool in their teaching. Oracy is a powerful device – not just for English Speaking and Listening – but across all subjects in terms of improving student engagement, developing classroom discussion and immediately assessing whether learning has taken place.

The core workshop will:

- Equip all participants with the success criteria for what 'good' oracy looks like
- Explore positive modes of communication and the impact on classroom and whole school oracy
- Encourage the use of strategies to use oracy when creating an environment of mutual respect within the classroom
- Examine the use of talk topics, prompts and starters as appropriate catalysts for high quality oracy opportunities and differentiation in the classroom
- Support participants in helping their students to find their voice and communicate with confidence in a variety of situations in the classroom and their lives beyond
- The core workshop can be followed by a strategy meeting/consultation with SLT/Oracy Leads straight afterwards or online at a later date.

Additional workshop options:

- Practical Metacognitive Talk – Using Oracy to Deepen learning
